

Askari Shoe Project

A Project of Army Welfare Trust

COMPANY PROFILE:

We are the leading manufacturer of all types of quality Combat boots with Traction/Panama sole, Jungle boots, Desert boots, Safety/Industrial boots and many more varieties.

asp specializes in manufacturing of shoes from genuine leather with different types of soles which include Rubber, PVC, PU, TPR, Vegetable tanned leather and Theonet sheet. In the field of Fashion Shoe Industry we have classified our products under five brand names. **Classics** are executive shoes for formal, informal and office wear, where-as **Stallion** are rugged and casual shoes for youngsters and those who want to look trendy. **Bats** are sandals/Slippers for those who are easy-going and love comfort and still want to remain formal. **Wink** is to cater for the needs of those ladies who want to look unique and elegant. We have specially focused on children who have to wear school shoes for prolonged periods of time and who suffer the most if their shoes are of substandard materials and are uncomfortable. **Marlin**, the leather school shoes, have been very well received by the children (both boys & girls) and parents alike.

asp has instituted strict quality standards and all products are subjected to laboratory tests before leaving the factory premises. Till to date **asp** has manufactured and supplied more than five million shoes to our valued customers. Resultantly we have acquired a credible reputation because of our quality standards, business norms and customers satisfaction.
