

MACCA FOODS LTD

COMPANY PROFILE:

Macca Food is an integrated processor and exporter of top quality frozen seafood, Frozen Halal Meat, Spices, Pulses and Agri-commodities with steadfast services and competitive prices for importers, distributors and wholesalers across the globe. We process and export our products for our worldwide customers. Our commitment to unequalled service along with premium products has ensured ongoing business with our customers.

Macca Food guarantees the quality and consistency you demand. Our quality controllers are equipped with latest tools to ensure the quality of the product being processed is up to the highest standards, the use of non-contact thermometer through out the processing line to ensure the required temperature is in place is just an example for our product safety measures.

We are able to process our products that are maintained with high standards and comply with HACCP and GMP requirements, as well as they are certified by major food accreditation bodies.

AREA OF INTEREST: **AGRO PRODUCTS**
