

ESSA TEX PVT LTD

COMPANY PROFILE:-

Essatex is one of the strongest and dynamically developing enterprises in the textile market today and leading Manufacturer/Exporter of Best Quality Fabric and Home Textile Products.

Essatex Industries has been producing high quality fabrics since 1968, over the passage of years we have built a reputation of excellence in the Home industry all over the world. Our excellence is recognized not only by our customers but also by official authorities of Pakistan.

We have been recognized as the **Biggest Exporter** of Fabric from Pakistan. (2006-2007) and we have been awarded "**Best Performance Award**" by the Federation of Pakistan Chamber of Commerce and Industries. Quality standards Certification Institutions like ISO 9001 & Okotex 100 further endorse our commitment to the Quality and Excellence.

Essatex Industries is committed to customer satisfaction. At Essatex, customers' satisfaction is our No.1 priority. All our endeavors are centered on meeting the needs of the customers.

Essatex regularly takes part in the world-known exhibitions such as HEIMTEXTIL, MATRRIAL WORLD MIAMI and ALGIERS INTL FAIR ALGERIA, etc.. It is a great chance to be closer to customers, to study market demands and to present new collections.

The annual sales volume amounts to more than 15 million U.S. dollars. We produce and sell Millions meters of Quality Fabric every year and a wide range of Home Textile items. (Bed Linen, Sofa Covers, Curtains, Table Linen and institutional bed linen) Presently it's next to impossible to overcome crisis in the textile industry without serious investments in equipment and technologies.

Essatex has invested a huge amount in technical re-equipment in 2008/2009 gradually and according to the well-designed plan.

1. Modernization of wider width Weaving
2. Installation of modern equipments for its Processing unit
3. Installation of Dying plant

4. Installation of Continuous Bleaching plant
5. State-of-art 14 color rotary Printing Machine
6. Installation of modern finishing and processing equipments.
7. Installation of Coating Plant.

Home Division has been equipped with large scale Wadding Plant and Computerized Quilting Machines. Our product range includes Bed linen, Curtain, Quilted Products, Furnishings, Kitchen Linen.
