

Excellence Delivered ExD (Pvt) Ltd.

Company Profile:

Welcome to Excellence Delivered ExD (Pvt) Ltd. In today's technological zeitgeist, organizations are increasingly looking for scalable solutions to address their ever changing business needs. Technology today is only as good as the operational efficiency and excellence that it delivers. Synonymous to our name, we at Excellence Delivered (ExD) help our customers achieve operational excellence. We believe that our clients can enhance their market competitiveness and profitability through optimal use of technology, outsourcing of non-core operations and optimization of business processes. The Technology line of our business includes Implementation, Support and Upgrade Services of leading ERP, CRM and Business Intelligence Systems including SAP, Oracle, Business Objects, Hyperion, xTuple, Sentez etc. In addition to the implementation services of these products, we provide development services in QT, C++, Java, HTML, Android, Joomla and a number of other technologies. Over the years, we have built several products including an HCM, Bank Relationship Management System and a Transport Management System for some of our esteemed clients. The Outsourcing line of business at ExD helps customers decrease the total cost of ownership of their non-core business functions. At the heart of our BPO business is our state of the art Shared Services Center manned by highly knowledgeable, technical and functional consultants.

Presently, we provide outsourcing services of the following business functions.

- Information Technology
- Accounting & Payroll
- Social Media Marketing
- Ecommerce Store and Logistics

Our Optimization services help customers devise strategies to maximize their investments. We help customers increase their ROI of IT investments through:

- Negotiation of IT Contracts
- Design of IT infrastructure
- Development IT Strategy
- Review and Audit of IT Systems

ExD aims for its customers who are or plan to be market leaders and can distinguish the best from the rest.
