

## **Frontier Works Organization (FWO) / Minerals Exploration & Development Organization (MEDO)**

### **Company Profile (500 words):**

Pakistan is endowed with extensive natural resources including, base metals, industrial minerals, gemstones and dimensional stones etc. Frontier Works Organization (FWO) established *Mineral Exploration and Development Organization (MEDO)* in December 2015, which not only introduce legal mechanical mining in mineral sector in national interest but also act as an engine for the development and exploitation of huge mineral potential of the country. FWO has already initiated two pilot projects of **Copper Mining & Processing in North Waziristan Agency (FATA)** and **Granite Mining Project at Nagarparkar, Sindh**. Both projects have successfully conducted their Pilot Phases and entered into the Operational Phase. MEDO also envisions supporting large scale mineral development infra-structure in Pakistan, under the umbrella of FWO.
