M. Jafferjees PVT Ltd

Company Profile:

The Jafferjee family has been transforming the art of leather products and notion of luxury since 1880s. From our pioneering great grandfather Mr. Hassan Ali to his grandson Arshad Ali and now great grandson Murtaza Ali, within M Jafferjees lies the journey distilled from a 130 years of craftsmanship – a legacy drawn from a visionary father and his son.

With their exceptional handcrafted techniques, the father and son of this generation's family amalgamate class with style without ever losing the core principles of fashion and functionality. The father and son express two different styles: one classic rooted in the values of tradition, one modern with an eye towards innovation and the future. Combining the two they create wearable art with leather.
