

Multichemi Exports (Pvt) Ltd

Company Profile

Multichemi Exports (Pvt) Limited was founded in 1996 under Multichemi Group of companies to cater to the textile enzyme and auxiliary chemicals market in the South Asian region. Today it has grown to a large scale business and supplies its products to leading Textile Mills and Garment Washing Plants in the South Asian region. We are a Board of Investment (BOI, Sri Lanka) approved company and In the year 2000, just 4 years from the inception, our commitment to quality, product excellence and sound management won us ISO 9001 certification. Main office/factory is located at the Export Processing Zone in Biyagama, Sri Lanka. This plant caters to the Sri Lankan as well as markets in the South Asian region, successfully competing with global giants in Textile Chemicals business.

Area of Interest/Sector:

Enzymes and Auxiliary Chemicals/Herbal Cosmetics: To identify potential markets and products for portfolio expansion of the current business We are in the process of selecting the new agents/distributors to handle our operation with the help of the Marketing Manager already appointed in year 2013. We have planned for expanding the business in region wise to avoid the logistics issues. Also to generate business for

- Herbal Cosmetics
- Bio Fertilizer
