

New Lal Shahbaz Traders (Dates Factory)

COMPANY PROFILE:

New Lal Shahbaz Traders (Dates Factory), specializes in the manufacturing and export of the finest quality of Dates, Wet Dates and Dry Dates from the city of Khairpur, Sindh, Pakistan, with 30 years' experience in the industry and headquartered in Khairpur, Sindh, Pakistan consolidates the activities of the finest quality of Dates producers in the region through quality control, administrative protocols, effective marketing & sales, facilitation and streamlining of export activities.

We have a great advantage in the global market for our product processing. The obvious factor is our presence in the region of Khairpur, where the climate is perfect, where the delicate art of Date production has been passed through the generations over hundred years, providing a unique diversity and quality in addition to this, we have embraced state-of-the-art equipment and have adapted to advanced agricultural techniques. Our storage capacity is currently at 7,000 Metric Tons and we turn over 10,000 Metric Tons a year. "Our Company NEW LAL SHAHBAZ TRADERS was established in 1986, We have thirty years' experience of Product Designing".

Our Core values are:

Quality control, Great customer services, Delivery time & Capacity, R&D ability, Experienced & Engineering Team.

With these factors, we consider ourselves to be the leaders in providing Date product and all the varieties of Date in highest standards of quality and consumer satisfaction.

Commercial varieties of Dates:

Aseel

These are brown colored dates and are the pride of the province of Sindh. These possess a delicate flavor and are firm-textured in appearance. Its production makes up 90% of Pakistan's total date crop.

Begum Jangi (B.J)

These Dates are provided from Balochistan province and these are publically known for their delicate fresh taste and possess the thin skin and rather easily broken also widely used for syrup making.

Turbat Mixed

These are best economical dates used for industrial purpose in Dates paste and Dates block. These dates are grown in the province of Balochistan.
