

## **Pakistan American Chamber of Commerce**

### **Company Profile**

Pakistan American Chamber of Commerce (PACC) was established in 1989 with a group of Pakistani American businessmen with intention of increasing bilateral trade ties between Pakistan and United States of America. Since its establishment to the year 2017, PACC preserved its intentions towards establishing strong business ties by facilitating communication and coordination between Pakistani and American businesses resulted in conversion of opportunities into revenue, and fuel their success and growth. Along with economic policy, PACC also focuses on social policy. It includes changing US funding formulas for Pakistan, a focus on education reform in Pakistan, and changes in how aid is giving during crises situations. PACC will continue to achieve global recognition through diversified knowledge process solutions by providing value based, quality driven, personalized and flexible services on a consistent basis.
