

Popular Industries

Company Profile:

Born in 1926 in Sialkot, Mirza Mohammad Baig (Late) received his early education in his home town. He laid the foundation of POPULAR INDUSTRIES in 1950; he was the pioneer in introducing *pressure cookers* & non-stick cookware in PAKISTAN. He proved his mettle in this field. Our established ability to successfully pioneer the development of House Hold and Commercial Restaurant utensils has enabled us to grow and prosper since the establishment.

For over 50years, we've built our reputation on innovation, and we work hard to encourage it at every level of our company. That's why we give people the ingredients they need to do their best work, the respect, the encouragement, the time, the resources and the recognition. Today Popular Has becomes one of the leading manufacturers of house hold and commercial utensils. Our products are being disturbed in Europe, North America, Middle East, Far East, South and African Sub-continental.
