

Prasanna Batiks

Company Profile:

Prasanna Batiks is giving special attention to style & patterns in the garment when allocating them to the factory for manufacture. Quality is very stringently controlled from cutting to packing by a team of highly skilled quality controllers to ensure very high quality standards. Quality of the garment is monitored throughout all the production stages resulting in a garment acceptable not only to the local market but also internationally. Product ranges from male, female, children garments, household items and wall hangings in different qualities to meet different level of consumer budgets.

Area of Interest/Sector:

Department Stores, Garment Retailers, Garment Wholesalers.
