

Royal Group

Company Profile

Please also find below our brief introduction for your kind information.

Let us take this opportunity to introduce Royal Group, a leading exporter of pharmaceutical and surgical disposables. Royal Group was established in 1977, and over four decades has earned a reputation of satisfying its customers' requirements by providing an extensive product range. We have been awarded 21 Export trophies. More information may be seen on our website: <http://www.royalgroupweb.com>.

Today Royal Group serves more than 22 countries, including East, Central and West African Markets, French Africa and the Far East. We have a dedicated team of experienced professionals, working not only to meet the expectations of our customers, but to consistently deliver beyond. Royal Group envisions endowing markets with tailor made products, in our own brands, as well as generics and branded pharmaceuticals. Furthermore, we are enjoying licensing, registrations and agency agreements with manufacturers from across Asia.

Royal Group also offers and facilitates in the development of products through dossiers preparation, factory inspection and registrations by providing all necessary documentation and assistance required. We are also carrying in our portfolio MHRA, US FDA and CE approved factories and products.
