

TANIA'S COLLECTION

Tania's Collection, a dress-designing boutique established in 1998, is a sole proprietorship concern of Ms. Talat Hafeez. She is one of the oldest customers of FWBL (since 1996) and when she decided to set up her own business, she sought FWBL's help to provide her financial assistance.

Tania's Collection stands out for its timeless quality and traditional work. It offers unique designs with individuality, which creates a special niche in the market in home textiles. It offers a wide range of formal, casual, bridal and party wear dresses as well as hand embroidered bed linen, sofa throws, curtains, drapes and cushions with special patch work of Silk Jamawar. Her collections have also been on display overseas, including USA, UK, Bahrain and the UAE.

Talat Hafeez expresses her gratitude to FWBL for their well-timed financial support, excellent banking services and also for the encouragement and support provided to her for being a female entrepreneur.
